RATING REASONS :	<ul style="list-style-type: none"> <li>➤ 1, The address they published on their website is vague, not precise. Moreover, it is an office building rather than a factory.</li> <li>➤ 2, Their website has no Chinese version, which is a common behavior for most foreign trade companies pretending to be factories.</li> <li>➤ 3, Over the past three years, they have had only about 10 employees registered for social insurance, they fit the scale of a medium-sized trading company.</li> </ul>
